To Whom It May Concern:

I have known Ben Dennis for the past five years as an employee of Pinefab Pty Ltd. He is employed as a leading hand for the construction and refurbishment of large industrial cooling towers.

His work ethics are exceptionally high and always completes tasks in good time and in a proper tradesman like manner.

Recently he has been promoted to Site Supervisor on a large cooling tower under construction for PB Power, which entails liaison with client management for site progress meetings etc. He is also Pinefab's Site Safety Officer.

I would have no hesitation recommending him to future employers.
